

In this topic, **we are learning to:**

- Understand the key features of the life cycle of a plant and an animal;
- Begin to understand the need to respect and care for the natural environment and all living things;
- Use all our senses in hands-on exploration of natural materials;
- Talk about what we see, using a wide vocabulary.

Minibeast Vocabulary	
Cocoon	A silky case for a moth.
Chrysalis	A silky case for a butterfly.
Lifecycle	A life cycle is the different stages of life for a living thing.
Tentacle	They help the snail see and smell the world around them.
Insect	A small type of animal.
Wings	Parts of an animal that help it to fly.
Shell	A shell helps protect the snail from other creatures.

Key Questions:
